2016 ANNUAL REPORT

EXCELLENCE IN EARLY EDUCATION

DEAR FRIENDS AND SUPPORTERS,

As we soar through our 78th year, I take a moment to look back at all of our exciting accomplishments during 2016. As our wait list grew to more than 120 students, we focused many discussions on how to adjust what we do to better serve more families. Our board and staff looked carefully at all options, shared ideas and discussed ways to expand our work to reach more children and families. I'd like to thank the many friends of the nursery who shared their expertise in various fields with us. With their help, we were able to estimate costs of various options for growth. Ultimately, we determined that in order to take the day nursery to the 'next level' of educational excellence, and accomplish long-term goals, we must continue to increase our organizational capacity. This capacity building will focus on such key areas as facilities, staffing, fundraising and board development. It is with your support that this is possible.

Through collaboration, partnership building and systems-level networking, Winter Park Day Nursery continues to bring more external resources into our program to broaden our community impact. These relationships are essential to our success and ability to bring more talent, knowledge and funding to our school.

I encourage you to join us for an event, visit the school for a tour, volunteer to read to students or just come to play. When we meet I look forward to sharing our goals for the next three years, and beyond, and how you can be part of this pivotal time in our history! The support of our donors, volunteers, staff and board members remains critical to our quest for *Excellence in Early Childhood Education*.

Uli Di Maria

Executive Director

OUR MISSION

Winter Park Day Nursery provides a secure, nurturing and educational environment that is affordable & supports family diversity.

OUR VISION

Winter Park Day Nursery will build a stronger community by providing high-quality, affordable early childhood education that will prepare our children to succeed in school and life.

OUR VALUES

Accessibility

We believe that every child deserves a high-quality preschool education, so we offer scholarships to make our program affordable for all families.

Quality

We believe that by upholding the highest standards, we inspire others. WPDN is accredited by the National Accreditation Commission (NAC) for Early Care and Education Programs.

Diversity

We believe that valuing different perspectives is vital to the success of our mission. Our school family reflects the rich diversity of our community.

Support

We believe that nurturing children means supporting their families with resources like parenting education, healthy meals, behavioral and developmental services and an emergency food and clothing pantry.

Impact

We believe in advancing the communitywide quality of preschool education by serving as a demonstration site for best practices and advocating for the cause of early childhood education.

"Thank you for all the support you have shown [my son] and I through the years. We have had a bunch of ups and downs. WPDN has been an incredible support system as well as providing [my son] a safe and nurturing environment through it all. You all are truly incredible. Thank you a million times."

three-year-olds per teacher

10 pre-kindergarteners

per teacher

WPDN'S 77TH YEAR

After reading Three Key Years by George C. Halverson, Ms. Jinger was reminded of the importance of these critical years in the life of every child. Billions of neuron connections take place when adults talk, play, sing and read with children during a time of individual, loving and regular interaction. Vocabularies are built, reading skills are enhanced and emotional security is promoted. Ms. Jinger loves the opportunity to interact with each child on a weekly basis. "It's a gift to my heart." - Ms. Jinger

Over the years we have been fortunate to enjoy many programs from the Orlando Philharmonic Orchestra. Throughout 2016 the Orchestra came out once a month to share the newest Storytime Symphony with their amazing team. This would not be possible without the support of foundations including the Galloway Foundation who has helped to fund this program for two years now.

For the last several years, members of the Rotary Club of East Orange County have volunteered to read to our students once in December for the holidays and again in March during the week of Dr. Seuss' birthday. A Rotarian has volunteered each year to dress up as Santa Claus giving new books to the children. The club has also donated new books to be given to the children on their birthday and at graduation. Their continued support has made a significant impact on the lives of our students.

CENTRAL FLORIDA FOUNDATION

44

Challenged by our burgeoning wait list, local community leaders recommended developing a business plan detailing the 'next steps' to increase our capacity. With the generosity of the Winter Park Community Foundation Funds at the Central Florida Foundation, our board of directors is developing an action plan, with the guidance of a professional consultant, to lead our team through the strategic planning process for the next three years. Thank you for investing in us!
