Scholarships

Winter Park Day Nursery offers significant scholarships based on household size and income to make preschool education affordable for every family. Our scholarship levels correspond to the poverty guidelines set annually by the federal Department of Health and Human Services. These guidelines are based on all gross income received by each adult household member and then adjusted by the number of people living in the household. You may apply for a scholarship at the time of enrollment, in August, and in January of each year.

Mission:

The Winter Park Day Nursery provides a secure, nurturing and educational environment that is affordable and supports family diversity.
